What can I say to someone that's special to me (huh.) Well I got a whole page to try. Well I guess your one-in-a-million, because your very different than any other girl I've met. Your funny and very fun to be with, Are you witty I ask? Just kidding. I know you think it's funny when I get Jelly-ish (understand) but that's the way I am. I've got plans in the future for me + I like what you said about you would like to be there to share it. That would be nice. I was not joking around last night I was serious if I ask you to wait. We've had alot of good times + shared some memboral experiences. When you are around you make me really feel good. Well what else can I say that I haven't said to you already. We we should have a good summer because we're going to see more of each other no matter if your parents don't want it that way. Well I know no matter what happens to us. you will try to remember ~~the~~ my pictures that I signed for you. Memories are always good to linger (look) back on. (Big word)(huh). Well the way I'll close this is [you are the most from coast to coast]

Tower of Power

I'll see you around I have a feeling. Take care + I Luv U.

LOVE ALWAYS BRET "77"

P.S. I'll see you in the future no matter what.

Carolyn.

Well another year has gone by and just think of all the accomplishments we've made. But de most important one of all was our friendship. I'm glad we got that one together. You a really sweet person, and one of the nicest friends I've had. Thanks for helping me through all of my rough points. I'll appreciate it always.

Don't forget to keep in touch over the summer (if you're not too busy with Bret!) Stay sweet and don't change because it would unbalance the World. Oh & sorry this is so sloppy but I'm suffering from a bad hangover and can't see the page.

cheerleaders, but I'll be making $100.00 a week so it all adds up and then at the end of the Summer I'll get a car for sure! But I hope it works out for the best, because I really wanted to be a cheerleader ever since I went to this school. I want you to know that your friendship is really important to me. Even if people say I talk about you or said things or I said that it's just bullshit, that's all it is. Friendship is something you just throw away if a person you hardly know comes up to you and tells you that one of your best friends said something just bullshit, and that's what I'm mad at most of all. People just like to mess with people's minds

Carolyn-
Im glad we had a class together this year. You really are a super person & I know you'll be a great pommer next year! Congratulations on making pommers! You really have a lot of spirit & this dead school needs people like you with lots of spirit. It seems strange that we're almost juniors and Ive known you since 1st grade! That's more than ½ our lives! Remember we use to talk about becoming doctors way back then & we still want to. You know, you're about the only friend I have from Cinda. I guess you'll be dancing around next year. Won't that be fun.

Dear Carolyn,
Boy I'm glad you decided to take French next year. What would you've done if you weren't in it. Probably got shit cuz I just realize I like French. I think it's cute. But I hope you don't know how to spell embarrassing. Boy that would be cool if you could spell it. I can't wait to visit Hawaii. I don't know her, Hack would be embarrassed if I told her that I hope she would come. I'll see you next year. Boy I miss Joey and they have to send a letter as well anyway I hope that more of you are in French - it's a lot of fun being in a class with you. Well so long I hope I'll see you next year and have a good summer as well as a good life.

Carolyn,

Before I started to write this I had to read what you put in my yearbo and you must have touched my heart in a special way because I started crying and I don't cry over nothing. The situation with Bret and everything was very stu I had really no right whatsoever to get mad at you cause all is fare in lo and war. I just had to come to my senses. You wouldn't believe how hard it was for me to write this cause I feel we writing it. But I love you. I love you as a person and as a friend that I can trust in a friend like you is something that everybody is looking for in life a friend for caring, sharing things and giving things too. You know if I ha enough money in the whole wide wor to buy another one just like you I wouldn't even have enough money bec you are something that is very scarc all through that episode with Bret a everything I might have acted mean on the outside, deep down inside I was —

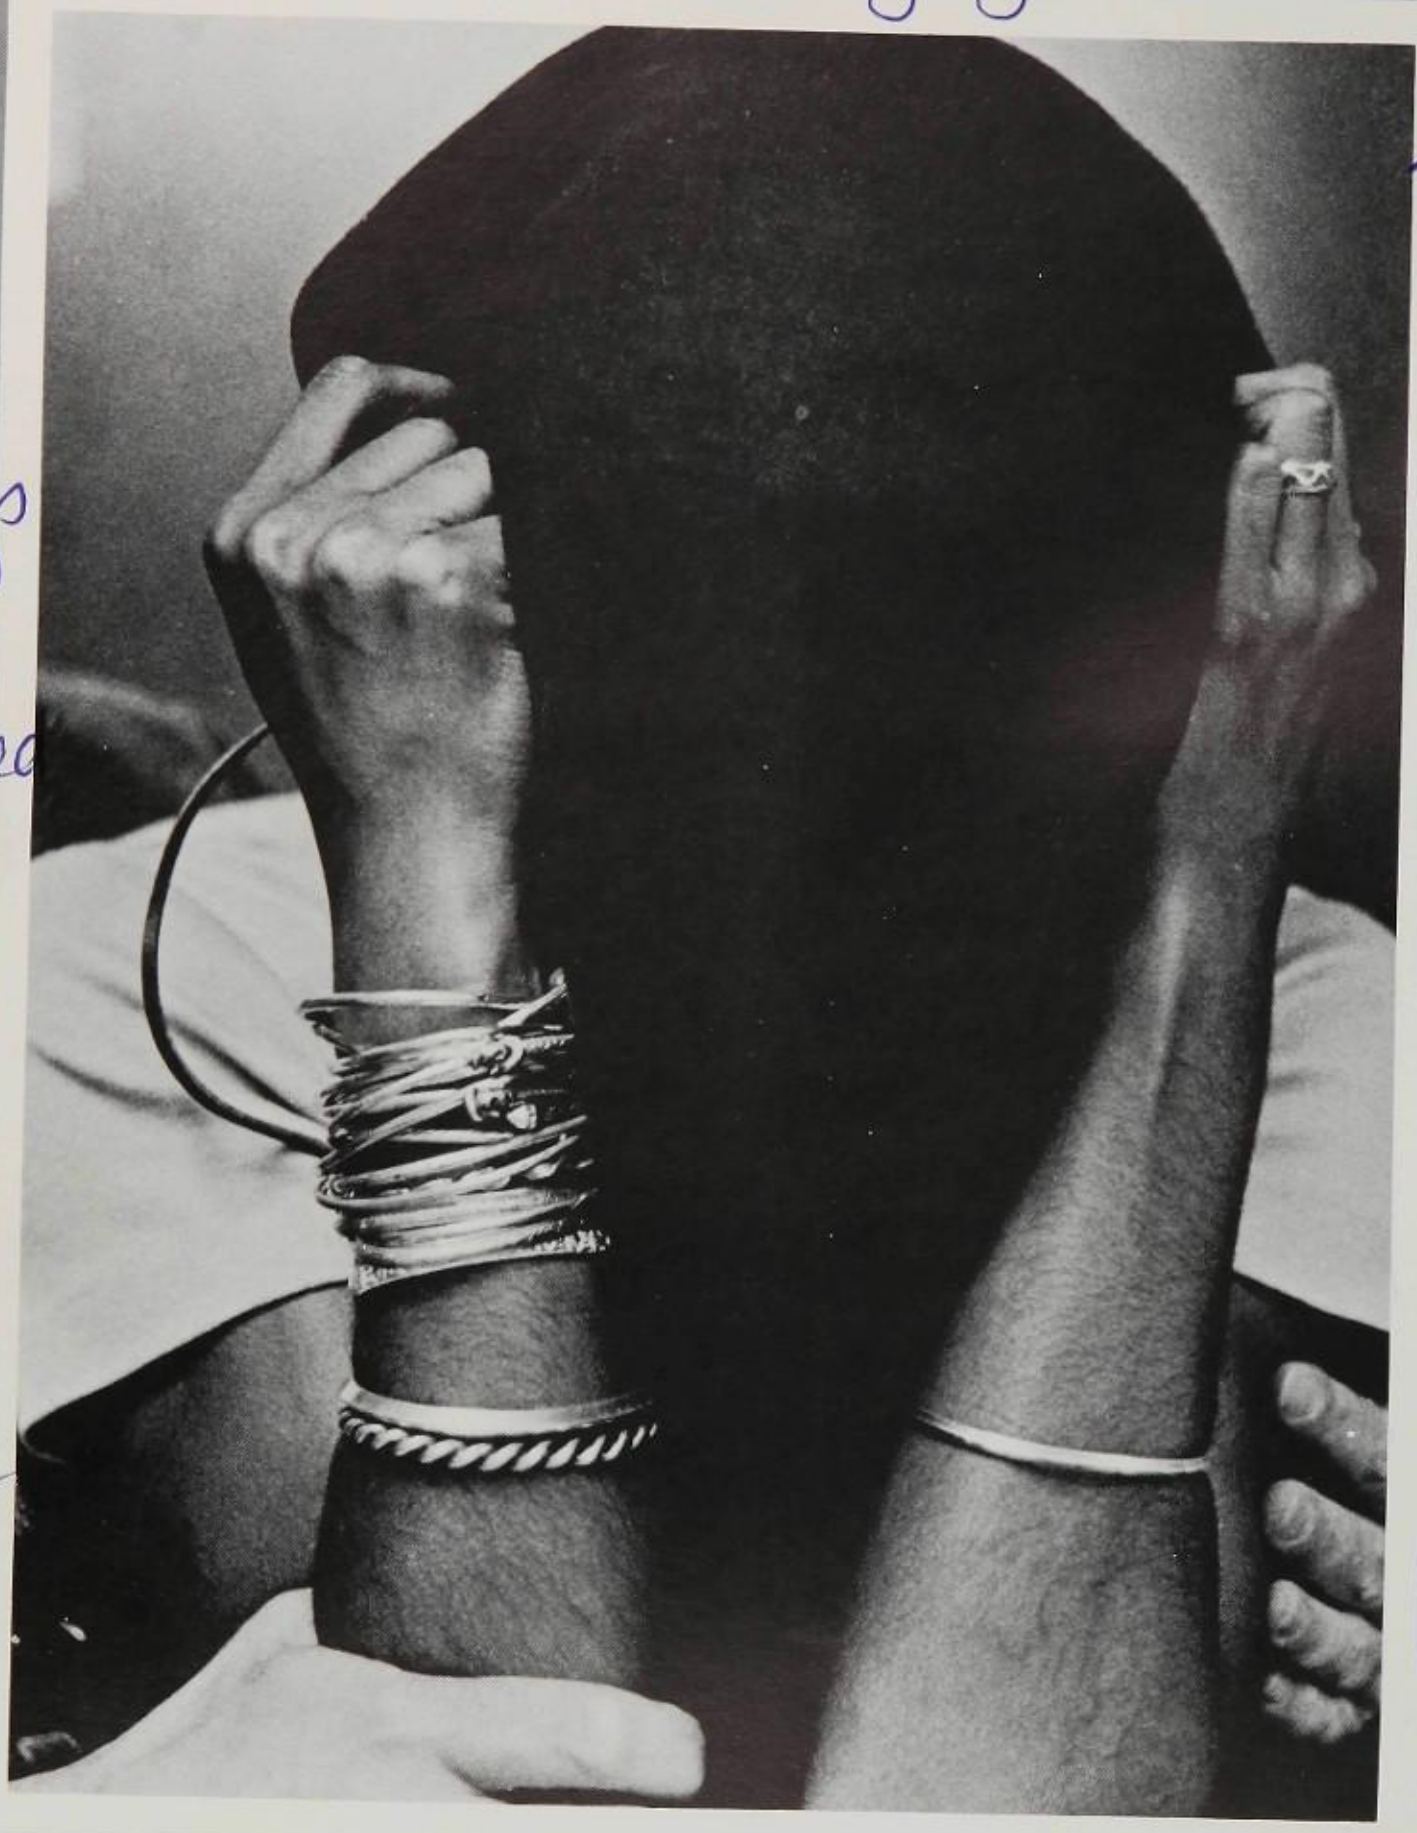
A TOAST BY OUR LEADER AT THE SENIOR BREAKFAST RETURNED BY JEFF

I forgot all about Bret so I [illegible] now He's a super guy and probably one of the best things that happened to you and I like him a lot and you can tell him that from me.



Love Teresa again

that that happens because your like a sister to me. Your friend and mine (Chalha!)

Love always Teresa Mendez 79' forever

up to the top of the page! ↑

Well Carolyn
it comes to the end
and that's the most
sad part to me
I don't know about
you well yes I do
but I'm not any fortune
teller. There's one thing I
hope a lot and it's this.
Last year and the year before that me and Anita were super tight super best friends and we always told each other that "oh I'll see you next year and I'll be the same as year, Anita we'll eat lunch together and mess around. But when me and Anita got to tenth grade Anita got different classes she made new friends and she got a boyfriend. And it all changed it wasn't "come on Anita let's go out back," thing the whole thing changed I'm not saying we weren't best friends anymore I'm just saying everything doesn't last forever. And that's what I don't want to happen to our friendship I want to be one of your best friends forever. And I like hanging around you even though you give me a bad reputation, ha! ha! ha! just kidding I can't go forever without laughing you know that. So next year I'll be here and we'll hop in my car at the beginning of school and Drive away and go [illegible] lunch and be best friends I just hope

Carolyn:
What can I say
except that you are one
of the cutest and sweetest girls
in the school. (And to Tessa because
I know she will read this) Stay
the way you are and I hope our friendship
stays. Have a good summer.
Love

P.S. See you next fall

Carolyn,
"Hi" Well it was fun this year in Dance and English. I hope you had fun too! Maybe we will get some classes together next year. That would be fun. Guess what I made Flag-Girl I can hardly believe it

Carolyn,
I am writing something special in your book
So that I may sneak a very fast look,
At all of the things that have been said
That surely by now you must have read.

Some people say you are very sweet
And others say you are really neat.
Though I ~~feel~~ you are especially nice
And that I feel is greatly precise
(cont) pg. 261

Dear Carolyn
I hope I ~~co~~ have time next year to get to know you better you're one of those persons that have a ~~spe~~ magical charm.
I wish I had more to say but all I can say now is good luck to one of the most beutiful girls at De Anza
Love Keith H Chinsky

Carolyn,
You don't know how happy I am for you and Bret. Especially for you though maybe now you can calm him down, so he doesn't want to beat me up all the time. Congradulations for making Pom Pom (Give it your best)
